

# SAFETY DATA SHEET

Republic of Korea

In accordance with the Standard for Classification and Labeling of Chemical Substance and Safety Data Sheet, Article 10 Paragraph 1

## Section 1. Chemical product and company identification

A. **Product name** ActiCHO™ SM  
**Catalogue Number** SH31031  
**Article Number** SH31031

### B. Recommended use of the chemical

#### Restrictions on use

##### Uses advised against

Not applicable.

C. **Manufacturer** HyClone Laboratories  
**Supplier** 925 West 1800 South  
Logan, Utah 84321  
Phone: (435) 792-8000  
  
Cytiva Austria  
Kremsplstr. 5  
4061 Pasching  
AUSTRIA  
Phone: +43 7229 64865  
Fax (+43) 7229 64866  
  
Cytiva Singapore  
1 Maritime Square #13-01  
Harbourfront Centre  
Singapore 099253  
  
**Distributor** 유통업자 글로벌 라이프 사이언스 솔루션즈 코리아 유한회사  
BRC BLDG., 2동 2층  
송도미래로 9, 연수구  
인천시  
대한민국  
+82 2 6201 3800

**Emergency telephone number** 82-2-6201-3800  
**(with hours of operation)** (9.00 am - 6.00 pm)

## Section 2. Hazards identification

A. **Hazard classification** Not classified.

### B. GHS label elements, including precautionary statements

**Signal word** No signal word.  
**Hazard statements** No known significant effects or critical hazards.  
**Precautionary statements**  
**Prevention** Not applicable.  
**Response** Not applicable.  
**Storage** Not applicable.  
**Disposal** Not applicable.  
C. **Other hazards which do not result in classification** None known.

### Section 3. Composition/information on ingredients

<b>Substance/mixture</b>	Mixture
<b>Other means of identification</b>	Not available.
<b><u>CAS number/other identifiers</u></b>	
<b>CAS number</b>	
<b>EC number</b>	Mixture.
<b>Product code</b>	SH31031

There are no ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

Occupational exposure limits, if available, are listed in Section 8.

### Section 4. First aid measures

<b>A. Eye contact</b>	Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Get medical attention if irritation occurs.
<b>B. Skin contact</b>	Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention if symptoms occur.
<b>C. Inhalation</b>	Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if symptoms occur.
<b>D. Ingestion</b>	Wash out mouth with water. Remove victim to fresh air and keep at rest in a position comfortable for breathing. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if symptoms occur.
<b>E. Notes to physician</b>	Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.
<b>Specific treatments</b>	No specific treatment.
<b>Protection of first-aiders</b>	No action shall be taken involving any personal risk or without suitable training.

See toxicological information (Section 11)

### Section 5. Fire-fighting measures

<b>A. <u>Extinguishing media</u></b>	
<b>Suitable</b>	Use an extinguishing agent suitable for the surrounding fire.
<b>Not suitable</b>	None known.
<b>B. Specific hazards arising from the chemical</b>	In a fire or if heated, a pressure increase will occur and the container may burst.
<b>Hazardous thermal decomposition products</b>	No specific data.
<b>C. Special protective equipment for fire-fighters</b>	Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.
<b>Special precautions for fire-fighters</b>	Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.

### Section 6. Accidental release measures

<b>A. Personal precautions, protective equipment and emergency procedures</b>	No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Put on appropriate personal protective equipment.
<b>B. Environmental precautions</b>	Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).
<b>C. <u>Methods and materials for containment and cleaning up</u></b>	
<b>Small spill</b>	Stop leak if without risk. Move containers from spill area. Dilute with water and mop up if water-soluble. Alternatively, or if water-insoluble, absorb with an inert dry material and place in an appropriate waste disposal container. Dispose of via a licensed waste disposal contractor.
<b>Large spill</b>	Stop leak if without risk. Move containers from spill area. Prevent entry into sewers, water courses, basements or confined areas. Wash spillages into an effluent treatment plant or proceed as follows. Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous earth and place in container for disposal according to local regulations (see Section 13). Dispose of via a licensed waste disposal contractor. Note: see Section 1 for emergency contact information and Section 13 for waste disposal.

## Section 7. Handling and storage

### A. Precautions for safe handling

**Protective measures** Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas. See also Section 8 for additional information on hygiene measures.

**Advice on general occupational hygiene** Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas. See also Section 8 for additional information on hygiene measures.

**B. Conditions for safe storage, including any incompatibilities** Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination.

## Section 8. Exposure controls/personal protection

### A. Control parameters

#### Occupational exposure limits

None.

**B. Appropriate engineering controls** Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

**Environmental exposure controls** Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. In some cases, fume scrubbers, filters or engineering modifications to the process equipment will be necessary to reduce emissions to acceptable levels.

### C. Personal protective equipment

**Respiratory protection** Based on the hazard and potential for exposure, select a respirator that meets the appropriate standard or certification. Respirators must be used according to a respiratory protection program to ensure proper fitting, training, and other important aspects of use.

**Eye protection** Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists, gases or dusts. If contact is possible, the following protection should be worn, unless the assessment indicates a higher degree of protection: safety glasses with side-shields.

**Hand protection** Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary.

**Skin protection** Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.

**Hygiene measures** Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period. Appropriate techniques should be used to remove potentially contaminated clothing. Wash contaminated clothing before reusing. Ensure that eyewash stations and safety showers are close to the workstation location.

## Section 9. Physical and chemical properties

### A. Appearance

**Physical state** Liquid.

**Color** Clear.

**B. Odor** Not available.

**C. Odor threshold** Not available.

**D. pH** 6.75 to 7.55

**E. Melting/freezing point** Not available.

**F. Boiling point/boiling range** Not available.

**G. Flash point** Not available.

**Fire point** Not available.

**Burning time** Not applicable.

**Burning rate** Not applicable.

**H. Evaporation rate** Not available.

**I. Flammability (solid, gas)** Not available.

**J. Lower and upper explosive (flammable) limits** Not available.

**K. Vapor pressure** Not available.

**L. Solubility** Not available.

**Solubility in water** Not available.

M. Vapor density	Not available.
N. Relative density	Not available.
O. Partition coefficient: n-octanol/water	Not available.
P. Auto-ignition temperature	Not available.
Q. Decomposition temperature	Not available.
SADT	Not available.
R. Viscosity	Not available.
Flow time (ISO 2431)	
S. Molecular weight	Not applicable.

---

## Section 10. Stability and reactivity

A. Chemical stability	The product is stable.
Possibility of hazardous reactions	Under normal conditions of storage and use, hazardous reactions will not occur.
B. Conditions to avoid	No specific data.
C. Incompatible materials	No specific data.
D. Hazardous decomposition products	Under normal conditions of storage and use, hazardous decomposition products should not be produced.

---

## Section 11. Toxicological information

A. <u>Information on the likely routes of exposure</u>	Routes of entry anticipated: Oral, Dermal.
<u>Potential acute health effects</u>	
Respiratory	No known significant effects or critical hazards.
Oral	No known significant effects or critical hazards.
Skin	No known significant effects or critical hazards.
Eyes	No known significant effects or critical hazards.
<u>Over-exposure signs/symptoms</u>	
Inhalation	No specific data.
Ingestion	No specific data.
Skin contact	No specific data.
Eye contact	No specific data.
B. <u>Health hazards</u>	
<u>Acute toxicity</u>	Not available.
<u>Irritation/Corrosion</u>	Not available.
<u>Sensitization</u>	Not available.
<u>CMR - ISHA Article 42 Public Notice No 2016-41 Occupational Exposure Limits</u>	Not available.
<u>Mutagenicity</u>	Not available.
<u>Carcinogenicity</u>	Not available.
<u>Reproductive toxicity</u>	Not available.
<u>Teratogenicity</u>	Not available.
<u>Specific target organ toxicity (single exposure)</u>	Not available.

**Specific target organ toxicity (repeated exposure)**

Not available.

**Aspiration hazard**

Not available.

**Potential chronic health effects****Chronic toxicity**

Not available.

<b>General</b>	No known significant effects or critical hazards.
<b>Carcinogenicity</b>	No known significant effects or critical hazards.
<b>Mutagenicity</b>	No known significant effects or critical hazards.
<b>Teratogenicity</b>	No known significant effects or critical hazards.
<b>Developmental effects</b>	No known significant effects or critical hazards.
<b>Fertility effects</b>	No known significant effects or critical hazards.

**ATE value**

N/A

---

**Section 12. Ecological information****A. Ecotoxicity**

Not available.

**B. Persistence/degradability**

Not available.

**C. Bioaccumulative potential**

Not available.

**D. Mobility in soil**

**Soil/water partition coefficient (K<sub>oc</sub>)** Not available.

**E. Other adverse effects** No known significant effects or critical hazards.

---

**Section 13. Disposal considerations**

- A. Disposal methods** The generation of waste should be avoided or minimized wherever possible. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible.
- B. Disposal precautions** This material and its container must be disposed of in a safe way. Empty containers or liners may retain some product residues. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

---

**Section 14. Transport information****UN**

- A. UN number**
- B. Proper shipping name**
- C. Classes**
- D. Packing group**
- E. Marine pollutant** No.
- F. Additional information** -
- Label**

**IMDG**

- A. UN number**
- B. Proper shipping name**
- C. Classes**
- D. Packing group**
- E. Marine pollutant** No.
- F. Additional information** -
- Label**

**IATA**

- A. UN number
- B. Proper shipping name
- C. Classes
- D. Packing group
- E. Marine pollutant No.
- F. Additional information -
- Label

**Special precautions for user**      **Transport within user's premises:** always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.

**Transport in bulk according to Annex II of MARPOL and the IBC Code**      Not available.

**Section 15. Regulatory information****A. Regulation according to ISHA**

**ISHA article 37 (Harmful substances prohibited from manufacture)**      None of the components are listed.

**ISHA article 38 (Harmful substances requiring permission)**      None of the components are listed.

**Exposure Limits of Chemical Substances and Physical Factors**

None of the components have an OEL.

**ISHA Enforcement Regs Annex 11-3 (Exposure standards established for harmful factors)**      None of the components are listed.

**ISHA Enforcement Regs Annex 11-5 (Harmful factors subject to Work Environment Measurement)**      None of the components are listed.

**ISHA Enforcement Regs Annex 12-2 (Harmful Factors Subject to Special Health Check-up)**      None of the components are listed.

**Standard of Industrial Safety and Health Annex 12 (Hazardous substances subject to control)**      None of the components are listed.

**B. Regulation according to Chemicals Control Act**

**CCA Article 11 (TRI)**      None of the components are listed.

**CCA Article 18 Prohibited (K-Reach Article 27)**      None of the components are listed.

**CCA Article 19 Subject to authorization (K-Reach Article 25)**

**CCA Article 20 Toxic Chemicals (K-Reach Article 20)**      Not applicable

**CCA Article 20 Restricted (K-Reach Article 27)**      None of the components are listed.

**CCA Article 39 (Accident Precaution Chemicals)**      None of the components are listed.

**Existing Chemical Substances Subject to Registration**

- C. **Dangerous Materials Safety Management Act**      Not available.

**D. Wastes regulation** Dispose of contents and container in accordance with all local, regional, national and international regulations.

**E. Regulation according to other foreign laws**

**Article 2 of Youth Protection Act on Substances Hazardous to Youth** Not applicable.

**International regulations**

**Chemical Weapon Convention List Schedules I, II & III Chemicals**

Not listed.

**Montreal Protocol**

Not listed.

**Stockholm Convention on Persistent Organic Pollutants**

Not listed.

**Rotterdam Convention on Prior Informed Consent (PIC)**

Not listed.

**UNECE Aarhus Protocol on POPs and Heavy Metals**

Not listed.

**Inventory list**

<b>Republic of Korea</b>	Not determined.
<b>Europe</b>	Not determined.
<b>United States</b>	Not determined.
<b>China</b>	Not determined.
<b>Japan</b>	<b>Japan inventory (ENCS):</b> Not determined. <b>Japan inventory (ISHL):</b> Not determined.

## Section 16. Other information

**A. References** Not available.

**B. Date of issue/Date of revision** 31 July 2017

**C. Version** 1

**Date of printing** **02 May 2020**

sds\_author@cytiva.com

**D. Other**

 Indicates information that has changed from previously issued version.

**Key to abbreviations**

ATE = Acute Toxicity Estimate  
 BCF = Bioconcentration Factor  
 GHS = Globally Harmonized System of Classification and Labelling of Chemicals  
 IATA = International Air Transport Association  
 IBC = Intermediate Bulk Container  
 IMDG = International Maritime Dangerous Goods  
 LogPow = logarithm of the octanol/water partition coefficient  
 MARPOL = International Convention for the Prevention of Pollution From Ships, 1973 as modified by the Protocol of 1978. ("Marpol" = marine pollution)  
 N/A = Not available  
 UN = United Nations

**Notice to reader**

To the best of our knowledge, the information contained herein is accurate. However, neither the above-named supplier, nor any of its subsidiaries, assumes any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist.
