

## Material Safety Data Sheet

United States  
English

### Section 1. Chemical product and company identification

Product name	Microtitre Plate; part of 'IFN $\gamma$ , Human - High-Sensitivity, Biotrak™ Assay'		
Catalogue Number	RPN2787	 9 0 R P N 2 7 8 7	
Component Number	RPN2757CW		
Material uses	Industrial applications: Analytical chemistry. Research.		
Product type	Solid.		
Validation date	25 February 2011		
Print date	25 February 2011		
Supplier	GE Healthcare UK Ltd Amersham Place Little Chalfont Buckinghamshire HP7 9NA England +44 0870 606 1921		
<u>In case of emergency</u>	US	ChemTrec (US)	1-800-424-9300
	Canada	ChemTrec (US)	1-703-527-3887

### 2. Hazards identification

Physical state	Solid. [Plastic mass.]
Odor	Odorless.
OSHA/HCS status	While this material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200), this MSDS contains valuable information critical to the safe handling and proper use of the product. This MSDS should be retained and available for employees and other users of this product.
Emergency overview	No specific hazard.  NOT EXPECTED TO PRODUCE SIGNIFICANT ADVERSE HEALTH EFFECTS WHEN THE RECOMMENDED INSTRUCTIONS FOR USE ARE FOLLOWED.  No known significant effects or critical hazards. Avoid prolonged contact with eyes, skin and clothing.

#### Potential acute health effects

Eyes	No known significant effects or critical hazards.
Skin	No known significant effects or critical hazards.
Inhalation	No known significant effects or critical hazards.
Ingestion	No known significant effects or critical hazards.

#### Potential chronic health effects

Chronic effects	No known significant effects or critical hazards.
Carcinogenicity	No known significant effects or critical hazards.
Mutagenicity	No known significant effects or critical hazards.
Teratogenicity	No known significant effects or critical hazards.
Developmental effects	No known significant effects or critical hazards.
Fertility effects	No known significant effects or critical hazards.
Inhalation	No specific data.
Ingestion	No specific data.
Skin	No specific data.
Eyes	No specific data.

Medical conditions aggravated by over-exposure: None known.

Validation date 25 February 2011

Version 1

See toxicological information (section 11)

### 3. Composition/information on ingredients

There are no ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

### Section 4. First aid measures

<b>Eye contact</b>	In case of contact with eyes, rinse immediately with plenty of water. Get medical attention if irritation occurs.
<b>Skin contact</b>	Wash with soap and water. Get medical attention if symptoms appear.
<b>Inhalation</b>	If inhaled, remove to fresh air. Get medical attention if symptoms appear.
<b>Ingestion</b>	Do not ingest. Get medical attention if symptoms appear.
<b>Protection of first-aiders</b>	No action shall be taken involving any personal risk or without suitable training.

### Section 5. Fire-fighting measures

<b>Flammability of the product</b>	No specific fire or explosion hazard.
<b><u>Extinguishing media</u></b>	
<b>Suitable</b>	Use an extinguishing agent suitable for the surrounding fire.
<b>Not suitable</b>	None known.
<b>Special exposure hazards</b>	Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.
<b>Special protective equipment for fire-fighters</b>	Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

### Section 6. Accidental release measures

<b>Personal precautions</b>	No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Put on appropriate personal protective equipment (see Section 8).
<b>Environmental precautions</b>	Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).
<b>Methods for cleaning up</b>	Move containers from spill area. Prevent entry into sewers, water courses, basements or confined areas. Vacuum or sweep up material and place in a designated, labeled waste container. Dispose of via a licensed waste disposal contractor. Note: see section 1 for emergency contact information and section 13 for waste disposal.
<b>Small spill</b>	Move containers from spill area. Vacuum or sweep up material and place in a designated, labeled waste container. Dispose of via a licensed waste disposal contractor.

### Section 7. Handling and storage

<b>Handling</b>	Put on appropriate personal protective equipment (see Section 8). Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas.
<b>Storage</b>	Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see section 10) and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination.

### Section 8. Exposure controls/personal protection

Consult local authorities for acceptable exposure limits.

<b>Recommended monitoring procedures</b>	If this product contains ingredients with exposure limits, personal, workplace atmosphere or biological monitoring may be required to determine the effectiveness of the ventilation or other control measures and/or the necessity to use respiratory protective equipment.
<b>Engineering measures</b>	No special ventilation requirements. Good general ventilation should be sufficient to control worker exposure to airborne contaminants. If this product contains ingredients with exposure limits, use process enclosures, local exhaust ventilation or other engineering controls to keep worker exposure below any recommended or statutory limits.
<b>Hygiene measures</b>	Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period. Appropriate techniques should be used to remove potentially contaminated clothing. Wash contaminated clothing before reusing. Ensure that eyewash stations and safety showers are close to the workstation location.

#### Personal protection

Article Number

25006539-4

Version 1

<b>Respiratory</b>	Use a properly fitted, air-purifying or air-fed respirator complying with an approved standard if a risk assessment indicates this is necessary. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator.
<b>Hands</b>	Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary.
<b>Eyes</b>	Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists or dusts.
<b>Skin</b>	Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.
<b>Environmental exposure controls</b>	Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. In some cases, fume scrubbers, filters or engineering modifications to the process equipment will be necessary to reduce emissions to acceptable levels.

## Section 9. Physical and chemical properties

<b>Physical state</b>	Solid. [Plastic mass.]
<b>Flash point</b>	[Product does not sustain combustion.]
<b>Odor</b>	Odorless.
<b>Volatility</b>	0% (w/w)
<b>VOC</b>	0 % (w/w) [ISO 11890-1]
<b>Solubility</b>	Insoluble in the following materials: cold water and hot water.

## Section 10. Stability and reactivity

<b>Stability</b>	The product is stable.
<b>Hazardous polymerization</b>	Under normal conditions of storage and use, hazardous polymerization will not occur.
<b>Conditions of reactivity</b>	Non-flammable in the presence of the following materials or conditions: shocks and mechanical impacts, oxidizing materials, reducing materials, combustible materials, organic materials, metals, acids, alkalis and moisture. Non-explosive in the presence of the following materials or conditions: open flames, sparks and static discharge, heat, shocks and mechanical impacts, oxidizing materials, reducing materials, combustible materials, organic materials, metals, acids, alkalis and moisture.

## Section 11. Toxicological information

## Section 12. Ecological information

<b>Environmental effects</b>	No known significant effects or critical hazards.
<b><u>Aquatic ecotoxicity</u></b>	
<b>Conclusion/Summary</b>	Not available.
<b><u>Biodegradability</u></b>	
<b>Conclusion/Summary</b>	Not available.
<b>Other adverse effects</b>	No known significant effects or critical hazards.

## Section 13. Disposal considerations

<b>Waste disposal</b>	The generation of waste should be avoided or minimized wherever possible. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe way. Significant quantities of waste product residues should not be disposed of via the foul sewer but processed in a suitable effluent treatment plant. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.
-----------------------	---

Disposal should be in accordance with applicable regional, national and local laws and regulations.

Refer to Section 7: HANDLING AND STORAGE and Section 8: EXPOSURE CONTROLS/PERSONAL PROTECTION for additional handling information and protection of employees.

## Section 14. Transport information

### International transport regulations

Not classified.

## Section 15. Regulatory information

<b>HCS Classification</b>	Not regulated.
<b>U.S. Federal regulations</b>	<p><b>TSCA 8(a) IUR:</b> Partial exemption</p> <p><b>United States inventory (TSCA 8b):</b> Not determined.</p> <p><b>SARA 302/304/311/312 extremely hazardous substances:</b> No products were found.</p> <p><b>SARA 302/304 emergency planning and notification:</b> No products were found.</p> <p><b>SARA 302/304/311/312 hazardous chemicals:</b> No products were found.</p> <p><b>SARA 311/312 MSDS distribution - chemical inventory - hazard identification:</b> No products were found.</p> <p><b>Clean Water Act (CWA) 307:</b> No products were found.</p> <p><b>Clean Water Act (CWA) 311:</b> No products were found.</p> <p><b>Clean Air Act (CAA) 112 accidental release prevention:</b> No products were found.</p> <p><b>Clean Air Act (CAA) 112 regulated flammable substances:</b> No products were found.</p> <p><b>Clean Air Act (CAA) 112 regulated toxic substances:</b> No products were found.</p>

<b>State regulations</b>	<p><b>Connecticut Carcinogen Reporting:</b> This material is not listed.</p> <p><b>Connecticut Hazardous Material Survey:</b> This material is not listed.</p> <p><b>Florida substances:</b> This material is not listed.</p> <p><b>Illinois Chemical Safety Act:</b> This material is not listed.</p> <p><b>Illinois Toxic Substances Disclosure to Employee Act:</b> This material is not listed.</p> <p><b>Louisiana Reporting:</b> This material is not listed.</p> <p><b>Louisiana Spill:</b> This material is not listed.</p> <p><b>Massachusetts Spill:</b> This material is not listed.</p> <p><b>Massachusetts Substances:</b> This material is not listed.</p> <p><b>Michigan Critical Material:</b> This material is not listed.</p> <p><b>Minnesota Hazardous Substances:</b> This material is not listed.</p> <p><b>New Jersey Hazardous Substances:</b> This material is not listed.</p> <p><b>New Jersey Spill:</b> This material is not listed.</p> <p><b>New Jersey Toxic Catastrophe Prevention Act:</b> This material is not listed.</p> <p><b>New York Acutely Hazardous Substances:</b> This material is not listed.</p> <p><b>New York Toxic Chemical Release Reporting:</b> This material is not listed.</p> <p><b>Pennsylvania RTK Hazardous Substances:</b> This material is not listed.</p> <p><b>Rhode Island Hazardous Substances:</b> This material is not listed.</p>
<b>United States inventory (TSCA 8b)</b>	Not determined.

### International regulations

<b>International lists</b>	<p><b>Australia inventory (AICS):</b> Not determined.</p> <p><b>China inventory (IECSC):</b> Not determined.</p> <p><b>Japan inventory:</b> Not determined.</p> <p><b>Korea inventory:</b> Not determined.</p> <p><b>New Zealand Inventory of Chemicals (NZIoC):</b> Not determined.</p> <p><b>Philippines inventory (PICCS):</b> Not determined.</p>
----------------------------	---

## Section 16. Other information

<b>Label requirements</b>	NOT EXPECTED TO PRODUCE SIGNIFICANT ADVERSE HEALTH EFFECTS WHEN THE RECOMMENDED INSTRUCTIONS FOR USE ARE FOLLOWED.
---------------------------	--

The customer is responsible for determining the PPE code for this material.

National Fire Protection Association (U.S.A.)
